

Template for TerraSAR-X proposal submission

Part I - Personal data:

Please note that the processing of your TerraSAR-X proposal requires the acceptance of DLR's [privacy policy](#). If you don't accept DLR's privacy policy, the requested TerraSAR-X data can't be provided. Please indicate here to accept DLR's privacy policy:

I accept DLR's privacy policy

I don't accept DLR's privacy policy

According to German's security regulations DLR is obligated to request personal data from every person, who will have access to the TSX data. Please enter the requested personal data of the **Principal investigator (PI)**, all **Team members (Co-Is)** and all **Further persons with data access** in this form. The applicant is obliged to obtain the declaration of consent for the storage of personal data from the other data recipients.

The **PI** is the person who submits the TerraSAR-X proposal. She/He will act as the interface to the TerraSAR-X science coordinator.

Every institute of the project team must be represented by at least one **Team member (Co-I)**. Every Co-I is obligated to sign the TSX user license and is allowed to have access to the TSX data.

All **Further persons with data access** from the involved institutes (e.g. further colleagues, students), must be named to DLR, too. They don't need to sign the user license.
